

# Resilience Dialogues

October 18, 2018

Dear Ryan,

Thank you for serving as a Subject Matter Expert (SME) for Nashua, NH during the Spring 2018 Resilience Dialogues. The Community Leaders from Nashua as well as the Resilience Dialogues Team are so grateful for the thought, effort, and time you put into the program. Your contributions were critical in helping the community move forward in their climate resilience efforts.

We hope you found the experience valuable, and that you will consider volunteering again in the future as well as encouraging your colleagues to do so. Please be in touch if you have any additional feedback about your experience.

With Gratitude,

Rachel Jacobson  
Senior Program Manager, American Society of Adaptation Professionals  
On behalf of the Resilience Dialogues Team
